Detailed description: This screenshot shows the 'Data Produk' (Product Data) section of the POS APP. The left sidebar has a dark theme with 'Master Data' expanded, showing 'Kategori' and 'Product'. The main area has a light background with a table header in blue. A single product entry is listed: SKU-00001, kemeja germany, with a price of Rp. 100,000 and a purchase price of Rp. 10,000. The stock level is 21 and it is marked as 'Aktif' (Active). There are edit and delete icons in the 'Opsi' column. Navigation buttons for 'Previous' and 'Next' are at the bottom, along with a search bar and a 'Product baru' (New Product) button. The footer includes copyright information and system status like temperature and date/time.

Detailed description: This screenshot shows the 'Data Kategori' (Category Data) section of the POS APP. The left sidebar has a dark theme with 'Master Data' expanded, showing 'Kategori'. The main area has a light background with a table header in blue. Five categories are listed: 'Pakaian (atasan)', 'Quasi expedita officia.', 'Illo delectus.', 'Impedit harum.', and 'makanan'. Each row contains the category name, a detailed description in Indonesian, and edit/delete icons. The footer includes copyright information and system status like temperature and date/time.
